Part No. 9890ST360

3-In-One Airpower Line  
TEC-360® Clamp

An Industry First! TEC-360® Clamp offers the same robust features as our original TEC-CLAMP® with the added feature of the swivel top. The TEC-360® swivel top allows for the AirPower Line to rotate freely which prevents binding, interlocked springs, and stress on connection points.

### PROBLEM

### SOLUTION

## 3-HOLE TEC-360® CLAMP

Part No. 9888ST360

Coiled Lines

Straight Lines

## 3-in-One AirPower Line

Tectran's AirPower Line is the original 3-in-ONE tractor to trailer hook-up line. It is superior to all substitutes due to its unprecedented grips, WeatherSeal® plug sleeves, better flexibility, and thicker beveled-edge spiral wrap.

*The* ORIGINAL

Part No.	Stk. Code	Length
169087	22017	8 ft
169107	22026	10 ft
169127	22032	12 ft
1691357	23400	13.5 ft
169157	22041	15 ft

## Anodized Gladhands

Part No. 1019S-A

### Corrosion Resistant Features:

- Anodized Aluminum Cast Body
- Stainless Steel Clamp and Hardware
- Plated Striker Plate
- Stainless Steel Fine Mesh Screen
- 101119 series polyurethane wide lipped seals for added durability
- Meets or exceeds SAE J318 standard

## ARMORCOIL MAGNUM FLEX<sup>TM</sup> HD

Part No. 17M15H

- Tubing features polyurethane covered Armor Coating that is rugged, abrasion and cut resistant
- -85°F extreme cold flexibility rating
- Unique manufacturing process ensures outer jacket maintains permanent bond with inner tubing
- Made with premium, unprocessed virgin nylon constructed tubing
